## Our Place in the Urban Age

The Levin College of Urban Affairs 30th Anniversary Forum Series

Thank you to our 30th Anniversary Forum Sponsors

### About this Forum:

*What do you think about Cleveland?*

Join us for this participatory forum with Carl Pope, a conceptual artist whose photographic and multimedia investigations of the socio-economic landscape of Indianapolis earned critical acclaim at venues including the Museum of Modern Art in New York and the Museum of Contemporary Photography in Chicago. This semester, Pope is a joint visiting fellow at The Baker-Nord Center for the Humanities at Case Western Reserve University and The Cleveland Institute of Art (CIA) where he is working on his current public artwork project, *The Mind of Cleveland*.

Pope will discuss his project, which he describes as a public conversation in billboard/poster form, a conceptual town meeting where everyone has the opportunity to be heard publicly.

Forum participants will have an opportunity to answer the question, "What do you think about Cleveland?"

Presented in partnership with the Baker-Nord Center for the Humanities at Case Western Reserve University and The Cleveland Institute of Art

### About the Series:

*Our Place in the Urban Age* is a year-long series celebrating the 30th anniversary of the Maxine Goodman Levin College of Urban Affairs. The forum series is exploring the dynamic role of cities in a world transformed by technology, climate change, modern lifestyles and a global economy. What will America's urban centers look like in what some are calling the Urban Age? What economic functions will cities serve, how will the quality of life change, and how will Cleveland and Northeast Ohio adapt?

Where the community gathers to discuss challenges, create opportunities, and celebrate accomplishments. The Levin College Forum, a program of the Center for Civic Education.
