| The April 1, 2000 estimates base reflects changes to the Census 2000 population resulting from legal boundary updates as of January 1 of the estimates year, other geographic program changes, and Count Question Resolution actions. All geographic boundaries for the 2007 population estimates series are defined as of January 1, 2007. |                           |                             |           |           |           |           |           |           |           |                   |                     |         |
