

40 Hour OSHA Hazardous Materials HAZWOPER Technician

Course Description:

This forty-hour course is specifically designed for workers who are involved in clean-up operations, voluntary clean-up operations, emergency response operations, and storage, disposal, or treatment of hazardous substances or uncontrolled hazardous waste sites. The course requirements are based upon the (OSHA 29 CFR 1910.120 for private sector) and (NFPA for public sector) programs. Participants must successfully complete hands-on scenarios and a written test.

Course Objectives:

- OSHA 1910.120 (b / f) & (q) Requirements
- Fire & Behavior of Hazardous Materials
- Toxicology
- Safety Data Sheets
- Personal Protective Equipment
- Decontamination
- Air Monitoring
- Hazardous Material Identification Systems
- Emergency Response
- Site Entry Considerations

Who should attend?

- Spill / Safety response team members
- Supervisors of employees at EHS facilities (Extremely Hazardous Sites)
- Hazardous waste site workers
- Personnel identified in a facility Emergency Response Plan (ERP) that respond to mitigate the release of Hazardous Materials

Pre-requisite:

- Hazardous Materials Awareness and Operations training

Earned Credentials:

Successful completion of the course will earn participants 40 Continuing Education Units (CEUs) and a certificate verifying this achievement.
