COURSE DESCRIPTION

This course is designed to introduce students to the concept of neighborhood planning and the practice of neighborhood planning today. The primary focus will be on urban neighborhoods located in older industrialized cities like Cleveland.

The course will cover such topics as:

- the definition and importance of neighborhoods
- the relationship between neighborhood and community
- the difference between urban planning and neighborhood planning
- the neighborhood planning process
- community asset mapping
- community capacity building for implementing a neighborhood plan
- neighborhood planning activities in Cleveland today
- challenges in neighborhood planning

COURSE OBJECTIVES

1. Increase student's knowledge and understanding of neighborhoods
2. Expose students to current neighborhood planning activities
3. Provide students the opportunity to hear from neighborhood planning practitioners
4. Understand the neighborhood planning process, principles of neighborhood planning and goal of neighborhood planning
5. Understand the challenges, constraints and issues in neighborhood planning

REQUIRED READINGS

1. Bernie Jones: Neighborhood Planning: A Guide for Citizens and Planners, Planners Press, 1990
2. William Peterman, Neighborhood Planning and Community-Based Development: The Potential and Limits of Grassroots Action, Sage Publications, 2000.
3. Robert J. Chaskin, Prudence Brown, Sudhir Venkatesh, and Avis Vidal, Building Community Capacity, Aldine De Gruyter, 2001.
4. William Morrish and Catherine Brown, Planning to Stay, Milkweed, 2000.

Additional Reading (optional):

W. Dennis Keating, Norman Krumholz, & Philip Star: Revitalizing Urban Neighborhoods
Leo W. Jeffres: Urban Communication Systems: Neighborhoods and the Search for Community
Jim Diers: Neighbor Power Building Community The Seattle Way, University of Washington Press, 2004
Peter Medoff and Holly Sklar, Streets of Hope, The Fall and Rise of an Urban Neighborhood, South End Press 1994

COURSE FORMAT, ASSIGNMENTS AND GRADING

The course will consist of a combination of lectures by the instructor, class discussion, movies, presentations by guest practitioners, presentation of student group projects, and a field assignment in a neighborhood including a photographic essay. Student participation in class discussion is required as part of the grade.

ASSIGNMENTS

- Photographic essay documenting a neighborhood (due Tuesday, February 28) (20%)
- Group project and class presentation: neighborhood planning in other cities (April 11 or 13)(20%)
- Midterm essay: Short history of your neighborhood or a neighborhood in Cleveland (due March 9) (20%)
- Final exam (30%)
- Class participation (10%)
