**Fellowship Position Title:** Homeless Civil Rights Intern 1

**Fellowship Position Summary:** The Homeless Civil Rights Intern will work remotely until after the pandemic. This individual will participate in the Homeless Civil Rights workgroup to implement the goals of reducing criminalization of homelessness and monitor and report on hate crimes directed at homeless people. The intern will assist with a weekly civil rights newsletter. Assist with outreach to advocates throughout the United States. The intern will assist with updating information on the “You Don’t Need a Home to Vote” campaign to increase access to the ballot box for those experiencing homelessness. By tracking data across the country and at various locales, interns will be expected to produce reports, summaries, and articles on particular efforts to criminalize homelessness, trends, successes, or model efforts to reduce law enforcement in the distribution of social services. This intern will work to highlight the negative impacts of making it illegal to be homeless, and work to get that message out to elected officials, community leaders and the general public. Finally, the intern will work to track and report on the impact of the pandemic on those experiencing homelessness as a Civil Rights issue.

### **Specific Position Activities:**

**Mission Statement:** The National Coalition for the Homeless, founded in 1982, is a national network of people who are currently experiencing homelessness or who were once homeless, activists and advocates, community and faith-based homeless service providers, and others committed to a single mission. That mission, our common bond, is to end homelessness. We are committed to creating the systemic and attitudinal changes necessary to prevent and end homelessness. At the same time, we work to meet the immediate needs of people who are either currently homeless or at risk of homelessness. We take as our first principle of practice that people who are currently experiencing homelessness or have formerly experienced homelessness must be actively involved in all of our work.

**Organizational Goals:** The National Coalition for the Homeless remains a substantive voice in the federal legislative process for people who are experiencing homelessness. In our policy advocacy, we work diligently to ensure that mainstream resources and opportunities are available to families and individuals who are either homeless or at risk of homelessness. To end homelessness in the U.S., we use the following strategies to accomplish our mission: lobbying, policy analysis, litigation, public education, community organizing, research and technical assistance.
